LOCKHEED TRANSPORT

FUSELAGE & LANDING GEAR LAYOUT

SCALE: 1/4" = 1'-0"

AIR AGE INC., 551 FIFTH AVE., NEW YORK 17, N.Y.

NOTES:

ALL DIMENSIONS SHOWN ARE TO NEAREST QUARTER INCH AND WERE SCALED OFF OF FACTORY BLUEPRINTS. DUE TO SHIRKAGE OF BLUEPRINTS, CORRECTIONS MUST BE MADE ON THE ENLARGED LAYOUTS TO BLEND OUT THE CURVATURES. ALL LOCKHEED WOODEN & METAL VEGA, AIR EXPRESS, SIRIUS, ALTIR, AND ORION HAD THE SAME FUSELAGE SHELL. ONLY CHANGES WERE THE CUT-OUTS FOR WINDOWS, DOORS, COCKPITS AND WING. METAL MODELS HAD FOUR ADDITIONAL LONGERONS FOR ATTACHMENT OF METAL PANELS. PANELS WERE RIVETED TO LONGERONS & FORMERS.
